

Note; this is a general idea for making the I-20 crossing approx. 2,200LF 2-4" conduits.

Will require 4 HH locations due to service laterals in the area. (30x48X36) may vary.

Station 217+42 LT, or Station 217+20 RT

Station 221+80 LT

Station 234+00 LT

Station 241+40 LT, or Station 242+70 LT
