INSTRUCTIONAL BULLETIN NO. 2000-3

Subject: Group Designation for Secondary Roads

Effective Date: June 20, 2000

Supersedes: None

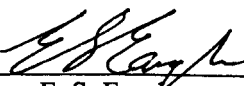

RE: Engineering Directive Memorandum PC-3 dated November 17, 1994

Design criteria is described for Federal Aid Secondary (FAS) rural routes and for State 'C' roads in Engineering Directive Memorandum PC-3. When plans are being prepared for either FAS or State 'C' roads, a note is to be added to the Typical Section Sheet noting to which road group the roadway belongs. The road group designation should be indicated by the Project Manager on the Design Plans Field Review (DPFR) Title Sheet at the location provided. If the group designation is not provided on the DPFR Title Sheet, the Design Group Coordinator should determine which road group is applicable and then verify with the Project Manager.

A cell has been created for each group type. They are named GROUP1, GROUP2, GROUP3, and GROUP4. The correct cell should be placed directly left of the Design Speed information block on the bottom right of the Typical Section Sheet. See the example shown below:

Cell Name = Group1/Group2/Group3/Group4
Active Scale = 1
Weight = 2
Cell Origin = Upper Right Corner

<i>Road group designation for this FAS Rural Route or State "C" Road per EDM PC-3 is Group 1</i>	RTE.		DESIGN SPEED		5		
	MPH	FROM STA	TO STA		4		
					3		
					2		
					1		
	EXCEPTIONS TO DESIGN SPEED				REV.NO.	BY	D.
					DWG.		DATE
					CKD.		DATE
