GENERAL INFORMATION

I. Introduction

The South Carolina Department of Transportation (SCDOT) Office of Public Transit (OPT) is pleased to announce the State Fiscal Year (SFY) 2018–2019 Section 5310 (Enhanced Mobility of Seniors and Individuals with Disabilities Program) call for projects.

This Program Announcement will utilize the Federal Transit Administration's (FTA) Federal Fiscal Year (FFY) 2018, when those funds became available, which is authorized under the Fixing America's Surface Transportation (FAST) Act and as appropriated by the United States Congress. This Announcement is issued in anticipation of federal funding based on apportionment for FFY 2018, funding levels as yet to be published by FTA, less allowable state administration.

II. Authority for the Program

The Governor of South Carolina has designated the South Carolina Department of Transportation (SCDOT), Office of Public Transit (OPT), as the designated recipient (DR) for (both rural and small urban, Section 5310) Federal Transit Administration (FTA) funds to administer in accordance with state and federal laws, statutes, and regulations. As it relates to the *Enhanced Mobility of Seniors and Individuals with Disabilities Program*; the Office of Public Transit is responsible for administering the Rural and Small Urban apportionments. The Large urbanized areas receive their funds directly from FTA.

Program Objectives

The Enhanced Mobility of Seniors and Individuals with Disabilities Program provides funds to:

- Serve the special needs of transit-dependent populations beyond the traditional public transportation service, where public transportation is insufficient, inadequate inappropriate, or unavailable.
- Projects that exceed the requirement of the Americans with Disabilities Act (ADA)
- Projects that improve access to fixed route service and decrease reliance on complementary paratransit and
- Projects that are alternatives to public transportation
- Program has expanded eligibility provisions to include operating expenses

SCDOT's Eligible Expenses

Capital, for transportation services that address the needs of seniors and individuals with disabilities. 55 percent of the funds available for this program must be used for projects planned, designed and carried out to meet the special needs of seniors and individuals with disabilities when public transportation is insufficient, inappropriate, or unavailable, typically carried out by non-profit agencies. The 55 percent is the minimum percentage that may be allocated for such project. SCDOT may utilize more or all of the Section 5310 funds for these types of projects. Remaining funds may be used for:

- Public transportation projects that exceed the requirements of the Americans with Disabilities Act (ADA)
- Public transportation projects that improve access to fixed route service and decrease reliance by individuals with disabilities on complementary paratransit or

- Alternatives to public transportation that assist and individuals with disabilities.
- The acquisition of public transportation services (Purchase of Service – POS) and vehicles remain eligible capital expenses.

III. Eligible Applicants

There are three categories of eligible subrecipients of Section 5310 Program funds:

- 1) Private non-profit organizations. A non-profit organization is a corporation or association determined by the U. S. Department of Treasury to be an organization described by 26 U.S.C. 501(c) which is exempt from taxation under 26 U.S.C. 501(a) or one which has been determined under state law to be non-profit and for which the designated state agency has received documentation certifying the status of the non-profit organization;
- 2) Governmental authorities that certify to the Governor of South Carolina that no non-profit corporations or associations are readily available in an area to provide the service; and
- 3) Governmental authorities approved by the state to coordinate services for Enhanced Mobility of Seniors and Individuals with Disabilities Program.

Local governmental authorities eligible to apply for Section 5310 Program funds, as coordinators of services for Enhanced Mobility of Seniors and Individuals and individuals with disabilities, are those designated by the state to coordinate human service activities in a particular area. Examples of such eligible governmental authorities are area agencies for aging or public transit providers, which the state has identified as lead agencies to coordinate transportation services funded by multiple federal or state human service programs.

IV. Federal/Local Match Requirements

The matching requirements remain the same; capital assistance is provided on an 85 percent federal share, 15 percent local share. Operating assistance is provided on a 50 federal share, 50 percent local share. MAP-21 eliminated the provision for the sliding scale match under FHWA programs to be used in this program. Funds provided under other federal programs (other than those of the Department of Transportation, with the exception of the Federal Lands Transportation Program and Tribal Transportation Program established by Sections 202 and 203 of title 23 U,S,C.) may be used for local match for funds provided under Section 5310, and revenue from service contracts may be used as local match. Please list the name of the matching source.

V. Project Selection Criteria and Process

COGs shall prioritize the applications based on: a) the standards set forth within the regional coordination plans; b) the percentage of elderly and disabled individuals served; and c) the following Section 5310 Program criteria approved on October 18, 2007, by the SCDOT Commission.

Although each applicant may apply for funding for more than one project either rural or urban, however, there is no grantee that one or both of the projects will be funded. Furthermore, because of limited funds, project(s) may not be fully funded up to the dollar amount requested by the applicant. COGs and SCDOT may identify contingency projects (noted as alternates) that could be funded, should any selected project be deleted from the statewide program of projects or funds returned to the grant.

VI. Grievance or Protest Procedures

SCDOT encourages all COGs, or any private or public local transportation providers acting on its behalf, to have the SCDOT approved grievance procedures in place for resolving local disputes. SCDOT shall delegate grievance resolution authority to local COGs to resolve protests resulting from funding and/or project selection decisions at the local level.

The aggrieved agency shall submit a notice of complaint to its designated COG, in writing, within ten business days of notification of a funding decision.

COGs shall review the complaint and make a decision, in writing, within ten business days. Copies of all documents relating to material facts of the complaint shall be forwarded to SCDOT within ten business days of the resolution for filing.

If the aggrieved agency is not satisfied with the COG's decision at the local level, the agency shall file a direct appeal to SCDOT, in writing, within ten business days of receiving the COG's decision. SCDOT's Deputy Secretary for Intermodal & Freight Programs shall investigate the appeal and issue a written statement of finding within ten business days. This will complete the appeal process.

VII. Award Requirements

Applicants selected for funding under the Enhanced Mobility of Seniors and Individuals with Disabilities Program shall enter into an agreement with SCDOT. **No funds may be drawn down by successful applicants until all required documents are received and a signed executed contract is in place and includes:**

Notice shall include a concise description of the proposed project and shall be published in a newspaper of general circulation in the geographic area the project will serve. A public hearing must be held only if requested of the applicant during the Public Notice period. A sample Public Notice is included in this document as Appendix B. An authorizing resolution between the governing body and SCDOT is also required following notification of award.

The "Certifications and Assurances" are based on federal and state requirements, and may not be altered in any way. Therefore, these documents shall be submitted by the applicant as originally signed in hardcopy only. In addition and where noted, the "Certifications and Assurances" must be signed and dated by the local attorney and the agency's authorized official.
