1.0 EXECUTIVE SUMMARY

PROJECT BACKGROUND AND DESCRIPTION

The South Carolina Department of Transportation (SCDOT) proposes to widen Interstate 85 in Spartanburg and Cherokee Counties. The project extends approximately 17 miles from near S-57 (Gossett Road (Exit 80)) at the southern end to approximately one mile north of SC 18 (Shelby Highway (Exit 96)) at the northern end. The project includes adding a travel lane to I-85 in each direction; re-design of four interchanges, minor improvements to one interchange, and replacement of the overpass bridge at S-11-131. Interchange improvements are to be made at the SC110 (Battleground Road Interchange, Exit 83), S-39 (Green River Road Interchange, Exit 87), SC 105 (Hyatt Street Interchange, Exit 90), S-82 (Pleasant School Road Interchange, Exit 95), and SC 18 (Shelby Road Interchange, Exit 96).

PUBLIC MEETING DESCRIPTION

One purpose of the meetings was to provide the local community, citizens, and project stakeholders an introduction to the project. Another purpose of the meetings was to gather information from the public and any interested organizations, including information on area features such as historic or cultural resources. The comments received will be considered during the development of the alternatives during the design and environmental evaluation process. Two meetings were held. The meetings, which were advertised in The Herald Journal (11/03/14) and The Gaffney Ledger (11/07/14), were conducted in an informal, drop-in format on Tuesday, November 18, 2014, from 5:00 to 7:00 p.m., at Gaffney High School located at 149 Twin Lake Road, Gaffney, South Carolina and the second meeting was held on Thursday, November 20, 2014, from 5:00 to 7:00 p.m., at Cowpens Middle School located at 150 Foster Street, Cowpens, South Carolina.

Meeting materials included a copy of the advertisement announcing the meetings (Attachment A), a handout describing the project (Attachment B); display boards depicting the study corridor and examples of the proposed interchange improvements; (Attachment C); a sign-in sheet for attendees (Attachment D); and comment forms (Attachment E).

The meeting was attended by Engineering, Environmental and Right-of-Way personnel from the South Carolina Department of Transportation, ICE, STV, Mead & Hunt, Three Oaks Engineering, and A2 Consulting staff, and 166 members of the public. 109 people attended the meeting at Gaffney High School and 57 people attended the meeting at Cowpens Middle School. Of those attending the Gaffney High School meeting 43 were women and 10 were African-Americans. At Cowpens 17 attendees were women and 2 were African-American.

A listing of attendees is included in Section 2.0.
Thirty Four attendees provided comments regarding the proposed widening project. A summary of the comments is included in Section 3.0. Comments provided included:

- Excitement about the project.
- Interest in reducing congestion and extending traffic ramps.
- Keeping exit ramps for Exit 83 in the current location.
- Concern about how much land will be used.
- Concern and suggestions regarding impact on local businesses and business owners.

2.0 PUBLIC MEETING ATTENDEES

Meeting 1 Sign-In Sheet Summary November 18, 2014	
Name	Address
C.F. Watson	150 Greenbriar Rd., Gaffney, SC 29341
John Brown	811 Hamrick Street, Gaffney, SC 29341
Robert Thomas	120 Mabry Dr., Gaffney, SC 29341
Kerry Coggins	2997 Cornith Road, Gaffney, SC 29341
Dianne & Ben Yon	6216 Cannons Campground, Cowpens, SC 29330
Paul Abbott	1271 Shannonwood Dr., Spartanburg, SC 29301
Stephen Ellis	216 Cobbleston Crossing, Gaffney, SC 29341
Henry L. Jolly	Mayor, City of Gaffney
Stacie & Bruce Humphries	759 Wilcox Ave. Gaffney, SC 29341

3.0 SUMMARY OF WRITTEN PUBLIC COMMENTS

Written Public Comments Submitted By	November 18, 2014 Comment
Mr. Jack Vess 609 Wilcox Ave. Gaffney, SC 29341 864-487-5650 jackvess@cherokeecountysc.com	Summary & text: Fix our roads. The trucks are dangerous.
Ralph Troy Tucker, Jr. 754 Old Buffalo Ca Road Blacksburg, SC 29702 864-491-0430 Troytuckerjr87@gmail.com	Summary & text: I am excited to see this project taking shape and look forward to seeing the upcoming designs.
Mr. & Mrs. Ted & Willie Jean Humphries 1288 Lovesprings Rd. Cowpens, SC 29330 864-487-7469 etwjlh@gmail.com	No Comments
Carolyn Campbell 134 Macedonia Rd. Gaffney, SC 29341 864-489-7492 Cell 864-219-0171 cgcampbell@gmail.com	Summary: 1. Understands the need for widening. 2. Agrees the project is past due. 3. Agrees on/off ramps need improvement, but hopes this can be accomplished with as little home and farm land. Text: I know the need for widening I85; it is way past due. I also know the need for correcting the on/off ramps, but I hope it will be done with as little use of home and farm land as possible. I 87 exchange has lots less homes involved at S.
Brenda Maser Physical address: 2761 Overbrook Dr. Gaffney, SC 29341 Mailing address: 1855 E. Main St. Spartanburg, SC 29307 305-433-0044 bkmaser@yahoo.com	Summary & text: 1. In favor of the interstate widening and exit improvements. 2. Recommends police issuing speeding tickets. I will be happy to see the exits change! So many people have lost their lives, and been hurt, something needs to change! (on the interstate and exits) Also, I hope police will monitor and give speeding ticket as people will be speeding even more!

Written Public Comments Submitted By	November 18, 2014 Comment
W. George Maser, III 1855 East Main St. # 137 Spartanburg, SC 29307 864-761-7223 blemasser@yahoo.com	Summary & text: It's about time.
Patricia M. Spurlin 848 Cherokee Nat'l Hwy. Gaffney, SC 29341 864-489-2738	Summary: 1. Concerned about rental house and how it will affect their monthly income. Text: I have a concern about a rental house 108 Speedway Rd. That is a vital source of income for my husband and I who are retired. I have another place, but I'm not sure what will be done on that. It can be dealt with more easily.
Fred Mattocks 153 Louis Ln. Cowpens, SC 29330 864-812-0639 fredmattocks@msn.com	Summary & text: Keep the Sunny Slope Drive bridge @ MM 85.
James Ross 1 Factory Shops Rd. Gaffney, SC 29341 701-793-3927 jross@simon.com	Summary & text: This project will greatly reduce congestion by the outlet mall. I fully support this.
Ruben F. Gonzalez Westar Travel Plaza, Exit 83 SB 175 Truckstop Rd. Cowpens, SC 29330 305-633-6030 / 786-344-1919 Gonzi15@aol.com	Summary 1. Westar Travel Plaza and other businesses have a total dependency on Exit 83 remaining open. Text: Westar Travel Plaza has total dependency on the existing SB exit which supports our business. In addition, we benefit from the NB an exit which also subsidizes our business. It's important to our business for Exit 83 to remain in place so we may continue to separate businesses. If this exit is relocated, it would put a hardship in our business, livelihood, and family. Your consideration is greatly appreciated.

Written Public Comments Submitted By	November 18, 2014 Comment
Hilda Enriquez Westar Travel Plaza, Exit 83 SB 175 Truckstop Rd. Cowpens, SC 29330 305-409-6000 / 864-463-6464 hgenriquez@aol.com	Summary 1. Westar Travel Plaza and other businesses have a total dependency on Exit 83 remaining open. 2. Significant strain on owners. Text: Westar Travel Plaza will lose all its business and customers if Exit 83 SB were to be closed or replaced. No cars or trucks are going to come around or come back to our truck stop once they passed the current access to our truck stop. This is a very serious matter and concern to our business and property value as well as our current tenants. Again, we need our Exit 83 SB to stay in the same location. It is our bread and butter. Thank you, Hilda.
Pearl Byars 139 Old Post Rd. Gaffney, SC 29341 864-489-8711	Summary: 1. Property located on opposite side of 85 needs to be spared. 2. Property owners lost a significant amount of land the first widening of I-85. Text: Our wish is that houses that have empty land on opposite side of 85 will be spared if possible. Many of these people lost much of their land at the first building of 85.
Sherry Bracken 155 Old Past Rd. Gaffney, SC 29341 864-487-7404	Summary : 1. The study shows that I am going to lose part of my property and all of my mother's property. Text: My concern is how much of my land will be taken because I am right beside the frontage road at the bridge that will be redone. Tell will tell I guess. (Exit 87) also how big an impact this will have on my life. Will I have to move? The studies are right through my house and took my mother's entire house. This will be a big change for both of us.
Pastor Joey Turner Encounter Church 1905 N. Limestone St. Gaffney, SC 29340 864-489-1755 / 864-921-6233 pastorjoey@encounter-church.com	Summary: 1. How will study impact Church property? Text: We are finishing up our Family Life Center that we are renovating and were wandering how this project would impact that structure on our property.

Gaffney Premium Outlets One Factory Shops Blvd. Gaffney, SC 29341 864-902-9911 jross@simon.com	Summary: 1. In favor of project widening, but interstate fence owned by SCDOT needs to be repaired. Text: We support this project. We want our interstate fence, which is owed by SCDOT to be repaired.
Pat Hyatt Old Metal Rd. Gaffney, SC 29341 864-463-3013	Summary: 1. Make access ramps longer. 2. Get access ramps out of neighborhoods and frontage roads. Text: S. Ramp at Exit 90 too short. Needs to be long enough to merge at 60 mph. Each ramp needs to be independent of frontage road. Frontage road – NB side – between exit 92 and 95 does need to go thru residential neighborhoods. Make access ramps longer. Most on I-85 are too short!
Tomas Pegver Westar Travel Plaza 175 Truckstop Road Cowpens, SC 29330 561-248-3118 westaroil@hotmail.com	Summary: 1. Opposes the closing of Exit 83. Text: If SCDOT removes the ramp south bound Westar Travel Plaza will be totally out of business! This will include several business that are operating in this 15 acres of property such as: 1. Truck Wash 2. Mechanic Bays 3. Motel 4. Seales weigh station 5. Huddle House Restaurant 6. Diesel sales in a high volume 7. Gas sales 8. Convenient store sales 9. Parking Spaces 10. U-Haul Sales This is a lot to be lost if this exit is closed. Replacing the exit to a lower access will also close our business. I totally oppose to the exit at 83 closing.

Priscilla A. Hoffer 313 Old Post Rd. Gaffney, SC 29341 864-219-7960	Summary: 1. Place a jersey wall on Old Post Frontage Road. Text: I live on Old Post Frontage Road. When you expand I want one or would like for you to put a cement wall "jersey boulder" between the trench and interstate, and
Greg Summitt 129 Pleasant School Rd. Gaffney, SC 29341 864-489-1173 gregorysummitt@UPS.com Winfred & Brenda Blanton 304 Cresthaven Dr. Gaffney, SC 29341 864-489-8961	Summary: 1. Extend acceleration ramps for Exit 95 & 96 SB. Text: The acceleration ramps for Exit 95 SB should be extended. There is a significant amount of truck traffic entering the interstate on this ramp to go south. It is the same getting on Exit 96 north to the Interstate. The ramp is backed and lane is short with traffic heading up Summary: 1. Concerned about losing their home. 2. Safety, noise, speed and barriers need to be addressed. Text: Our concerns are as follows. 1. Possibility of losing our home 2. Safety and noise. Noise is already had and more lanes would of course, cause much more noise. 3. Concerned regarding safety because there is only a 13 in. high barrier in front of our house. 4. Traffic is heavy. Some cars, motorcycles, etc. are actually race down the high hill when entering I-85 NB from Baker Blvd. (Hwy 11). The race continues even past our house. 5. The barriers we have do not appear to be very stable and needs to be a lot higher.
Johnny C. Campbell 134 Macedonia Rd. Gaffney, SC 29341 864-489-7492 / 864-219-0170 Campbell6915@bellsouth.net	Summary: 1. Concerned about losing home and property. Text: My concern is for loss of my home, pond and land at Exit 87.

Written Public Comments Submitted By	November 18, 2014 Comment
Shannon Tyler 123 Old Post Rd. Gaffney, SC 29341 864-219-3248 shannonwee@bellsouth.net	Summary: 1. Concerned about losing home and property. Text: I have concerns regarding the Exit 87 interchange improvements. Our family owns land on the north side of the interchange on both sides of Green River Road as well as the corner of Old Post Road and Green River Pond. How will our property and homes be impacted?
Juanita Hough 149 Old Post Rd. Gaffney, SC 29341 864-489-3060	Summary: 1. Concerned about Exit 87 and the impact it will have on our property. Text: The concern I have is the exit ramp at my Exit 87. How much property will be lost and how close to my home will it be? When the study is done, if it is us, will we live in the middle with no way out?
Winfred & Brenda Blanton 304 Cresthaven Dr. Gaffney, SC 29341 864-489-8961 home 864-812-0640 cell	Summary: 1. Concerned about the noise impact with additional lanes added, safety of traveling motorists speeding along I-85, and would like a more attractive MSE wall built. Text: Our main request concerning the widening of I-85 in front of our home is for a much taller barrier wall to be built between I-85 and Cresthaven Drive where we live. This is not only to help with the extreme noise caused by the traffic due to the extra lanes, but also for safety. At present there is only a small barrier wall in front of our hone, only 38 inches high. We have noticed walls in other areas where housing developments are located along the interstate near Charlotte, NC, that are much higher and appear to be much sturdier, as well as more attractive. Noise is loud now, but not as nearly as loud as it will be with more lanes. Also, we have been concerned for safety as cars race down the hill at the entrance to I-85 NB from Baker Blvd. We are concerned that a terrible collision will occur, possibly demolishing the present wall and leaving no barrier between the highway and our home. Please consider our request.

Charlene Cobb 123 Joy Ave. Gaffney, SC 29340 864-489-2535 charlie129340@yahoo.com	Summary: 1. Concerned about cemetery. Text: Have you given any thought about the cemetery at the exit near Aunt M's exit?

Written Public Comments Submitted By	November 20, 2014 Comment
Sara & Steve Jewell 160 Sarratt School Rd. Gaffney, SC 29341 910-599-2698	Summary: 1. Closing the Bridge at Exit 87 would impact the KOA Campground, which is open year round. Text: We own the KOA campground on Sarratt School Rd. Our customers in all size of rigs * use Exit 87 to come to our campground. All of our printed material give directions to our campground and are updated 1 X a year around November. We also pay for DOT signs on I-85 for the campground, E & W Bound. *Rigs coming into our campground can be up to 80' with a tandem trailer. We are open year round. Any bridge closure would drastically impact my living ~ KOA: Spartanburg/Gaffney KOA
Philip Burns 132 Martin Lane Cowpens, SC 29330 864-804-9055	Summary: 1. Requesting emergency cut through between Exits 80-83 so the FD can respond to collisions in a more effective and responsive time frame. Text: I work for Mayo Area Fire District and Cowpens Fire District. There have been numerous times that we have responded to wrecks on I-85 between Exits 80-83. Most of the time we would have to go all the way to the next exit to turn around to get to the wreck. As a member of both Departments, we would like to as for emergency cut through. This would cut down on our response times and responding to these wrecks.

Written Public Comments Submitted By	November 20, 2014 Comment
Daniel Abbott 156 Battleground Rd. Cowpens, SC 29330 864-237-3368	Summary: 1. Does not support closing Exit 83. Text: Very concerned about customer access to Abbott Farms on both sides of Exit 83 NB and SB.
Cynthia Nardi 162 Stone Rd. Cowpens, SC 29330 864-200-0898	Summary: 1. Phillips Road is extremely dangerous with curves and blind spots. 2. Webber Road is in complete disrepair. 3. Deer nests along the patch of woods from Webber Road from Swofford to Sunny Slope Rd. Text: I urge you to look at Phillips Road/Webber Road between Exit 83 and 87. Phillips is a one lane road with extremely dangerous curves, blind spots and flooding. Webber Rd is in complete disrepair. It is either full of pot holes, or when "repaved" full of mushroom tops. It is so damaging that I literally drive one the opposite side of the road from Swafford to Sunny Slope Dr. Also, the wildlife, particularly deer, has dens in the patch of woods between the frontage road and Webber Rd. from Swofford to Sunny Slope. I counted 15 in the field one night last week. My concern here would be there is a very week fencing along the frontage road and their movements during construction may drive then onto the interstate.
Devon Smith 345 Bryant Rd, Spartanburg, SC 29303 607-882-0942	Summary: 1. Major concerns for the on/off ramps @ Exit 83. Text: Concerns will be @ Exit 83 for on and off ramps by the church. Dangers for kids and parents and the numbers that attend being that close to off coming traffic. If changes to these points in fridge on the properties whereby road ways are somehow brought closer to property lines bring major concerns to protecting visitors, families and pedestrians close to these particular areas. Consider the design/plans @ this junction of highwayI-85 a major concern.

Written Public Comments Submitted By	November 20, 2014 Comment
Steven Griffith 650Battleground Rd. Cowpens, SC 29330 864-463-6170	Summary: 1. Concerned about HWY 110 Bridge near Mountain View Baptist Church. Text: Please consider church and Christian School access when re doing HWY 110 Bridge located near Mountain View Baptist Church. We would prefer church properties not be encroached upon but rather utilize the back of the school property, ball fields area, if needing a new are to put an access road. Thank you! Pastor Steven Griffith
Alan Pauly 515 Darwin Rd. Gaffney, SC 29340 864-489-2957	Summary: 1. Widen I-85 to the HWY 5 exit. Text: I believe the widening of I-85 should continue to the HWY 5 exit at Blacksburg because HWY 5 is 4 lanes to that point, it would make sense to have the I-85 widened to accept the additional traffic.
Tommy Moore 671 Bud Arthur Bridge Rd. Cowpens, SC 29330 864-494-9880	Summary: 1. Supports the widening project. 2. Supports widening ramps. 3. Recommends higher fence at Pacolet River. 4. Recommends noise wall and landscaping. Text: I am relieved that the interstate is being widened. I travel the Cowpens area to work every day and it is very congested. I have lived in the area a long time and am glad for the purposed changes the on ramps behind Mt. View Church needs to be longer. Also I reside at 671 Bud Arthur Bridge and we get a large amount of motorists that are looking for gas, food, etc. off of Budds Dr. Exit in the area between the church and bridge over the Pacolet River maybe we could put up a higher fence. Also could be maybe put up some kind of noise reducer and plant some Leyland cypress trees?

Janice Hyder 833 Sunny Slope Dr. Cowpens, SC 29330 864-706-8400	Summary: 1. Concerned about 5-11-131 Overpass Bridge being removed. 2. Webber Road needs to be improved. 3. Exit 95 NB needs to be reconfigured. 4. Improve Wilcox Ave. with noise barrier walls. Text: I live on Sunny Slope Dr. and use the 5-11-131 over pass quite frequently, so I would not like to see this bridge permanently removed. There is no access road to the interstate at this overpass and I wouldn't really like to see that added. Webber Road would need much improvement if traffic is going to be diverted onto it during construction. The interchange @ S-11-92 (Exit 95) on the northbound side needs to be reconfigured. Right now to get across 85 to Wilcox Ave you have to make almost a U-turn onto Pleasant School Road. I have seen several near-miss accidents in this area. My mother-in-law owns property on Wilcox Ave, below Norma's Truck Stop. The noise from the interstate is very loud and will probably increase with another lane of traffic, so privacy walls would be beneficial in that area.

PUBLIC MEETING NOTICE

Proposed Widening of I-85
From Gossett Road (exit 80) to north of Shelby Highway (exit 96) including
Interchange Improvements at Exits 83 (Battleground Road), 87 (Green River Road),
95 (Pleasant School Road, & 96 (Shelby Road)
Spartanburg and Cherokee Counties

Public Information Meetings

Meetings:
Two meetings are to be held

The first will be:
Tuesday, November 18, from 5:00 to 7:00 pm, at Gaffney High School located at 149 Twin Lake Road, Gaffney, SC

The second will be:
Thursday November 20, from 5:00 to 7:00 pm, at Cowpens Middle School located at 150 Foster Street, Cowpens, SC.

The meetings will have a drop-in format, with displays for viewing. Informal presentations will be made at 5:30, 6:00 and 6:30. Citizens will have the opportunity to make verbal comments immediately following the formal presentations.
In the future, when an official Public Hearing is held; a formal presentation will be given during the meeting and the citizens will have the opportunity to make verbal comments immediately following the formal presentation.

Purpose:
To provide information and solicit feedback from area residents and businesses concerning the proposed widening and interchange improvements. The proposed improvements include adding travel lanes in each direction, improving interchanges at Exits 83, 87, 95, 96 and raising or replacing overpass bridges. Another purpose of the meeting is to gather information from the public or any interested organization on area features such as historic or cultural resources.
Engineering, Environmental and Right-of-Way personnel form the South Carolina Department of Transportation (SCDOT) will be available to answer questions. Displays will be available showing the study corridor and examples of the proposed interchange improvements.

Contact:
Additional information concerning the project may be obtained by contacting Brad Reynolds, SCDOT Program Manager, at 803-727-1440 or by email at Reynoldsbs@scdot.org. The displays, handouts, and comment forms will be available online (scdot.org, Featured Content, Public Hearings) before the meeting and throughout the comment period. Persons unable to attend are encouraged to visit the website and provide comments. Persons with disabilities who may require special accommodations should contact Ms. Lis Bleasdale at 803-737-1395

MEETING MATERIALS - PROJECT INFORMATION SHEET (HANDOUT)

PUBLIC INFORMATION MEETING

I-85 Widening Project
Spartanburg and Cherokee Counties

Tuesday
Nov. 18, 2014
&
Thursday
Nov. 20, 2014

Project Description

The South Carolina Department of Transportation (SCDOT) proposes to widen I-85 in Spartanburg and Cherokee Counties from four lanes to six lanes. The project extends approximately 17 miles from near Gossett Road (Exit 80) at the southern end to approximately one mile north of Shelby Highway (Exit 96) at the northern end. The project includes adding a travel lane to I-85 in each direction, improving five interchanges, and replacement of the overpass bridge at S-11-131. Interchange improvements are to be made at the Battleground Road interchange (Exit 83), the Green River Road interchange (Exit 87), the Hyatt Street interchange (Exit 90), the Pleasant School Road interchange (Exit 95) and the Shelby Road interchange (Exit 96).

Purpose for the Project

These improvements are being done to add capacity to the interstate and to correct roadway operational deficiencies at the interchanges. This will be done by adding a lane in each direction to the interstate main line and bringing the interchanges and S-11-131 (Sunny Slope Drive) overpass bridge up to current design standards.

Purpose for Tonight's Meeting

The meeting tonight is for SCDOT to provide basic information about the project and for SCDOT to listen to the public to gather the concerns and issues regarding the project from each person that attends. This informal, drop-in style format provides you the opportunity to speak with the SCDOT and the Project Team that will be performing design and environmental studies to ask questions and share with them your thoughts on the project. There is also the opportunity to provide written comments to be considered by the Team as the project is designed.

If you wish to send comments after this meeting you can mail them to the SCDOT Project Manager at:

Mr. Brad Reynolds, P.E.
South Carolina Department of Transportation
P.O. Box 191, Columbia, SC 29202-0191

Or via fax at (803) 737-9868
or via email at ReynoldsBS@scdot.org

Project Development Process

Alternatives will be developed and evaluated that satisfy the purpose for the project as part of this process. These will be analyzed and a Preferred Alternative for the construction will be recommended. Another public meeting, termed a Public Hearing, will be held after the environmental document is written to solicit your comments on the document and the proposed alternative. The environmental document and Preferred Alternative will then be finalized and a preliminary design will be completed. The project is to proceed as a Design Build project, meaning that it will be advertised and a Design/-Construction team will be selected to build the project.

Project Schedule
The estimated schedule for the project is:

Public Information Meetings	November 2014
Public Information Meetings	Spring 2015
Complete Environmental Assessment	Fall 2015
Public Hearings	Fall 2015
Advertise for Design Build Construction	Summer 2016
Start Construction	Fall 2016

COMMENTS I know the need for widening I-85. IT is way past due. I also know the need for correcting the off/on Ramps but I hope IT will be done with as Little use of home and farm Land as possible

I-87 Exchange has Lots Less homes involved @ S Green River Rd IN comparison To N. Green River Rd.

COMMENTS

I will be very happy to see the Exits change! So many people have lost their lives, and been hurt, something needs to change! (on the interstate exits)

Also, I hope the police will monitor and give speeding tickets as people will be speeding even more!

COMMENTS I have a concern about a rental house 108 Speedway Road. That is a vital source of income for my husband and I who are retired. I do have another places but I'm not sure what will be done on that. It can be dealt with more easily.

COMMENTS Westar Travel Plaza has total dependency on the existing southbound exit which supports our business. In addition we benefit from the northbound exit which also subsidizes our business.
It important to our business for exit 89 to remain in place so we may continue to generate business. If this exit is relocated, it would pose a hardship in our business livelihood and family.
Your consideration is greatly appreciated.

COMMENTS Exit 83, on I-85 southBound. WESTAR TRAVEL PLAZA will loose all its bussiness and customer if Exit 83 SouthBound were to be closed or relocated. No CARS or trucks are going to come around or come back to our truck stop once they passed the ~~exit~~ current Access to our truck stop. This is A very serious matter and concern to our bussiness and property value as WELL as our current tenants. Again WE need our exit 83 southBound to stay in the SAME Location. It is our Bread & Butter.

Thank You,
Hilda

COMMENTS My concern is how much of my land will be taken because I ~~[illegible]~~ am right beside the Gaffney Rd at the ~~[illegible]~~ bridge that will be redone. Time will tell I guess. (Exit 87) also how big an impact this will have on my life. Will I have to move? The studs are went right through my house & took all of my brothers house. This will be a big change for both of us.

COMMENTS S. Ramp at Exit 90 too short. Needs to be long enough to merge at 60mph.
Each ramp needs to be independent of frontage Rd.
Frontage Rd. - northbound side - between exit 92 and 95 does not need to go thru residential neighborhoods.

Make access Ramps longer. Most on I-85 are too short!!

COMMENTS

If SCDOT removes the ramp South Bound Westar Travel Plaza will be totally out of business. this will include Everyall business that are operating in this 15 acres property such ass,
1) Truck Wash
2) Mechanic Bays.
3) Motel
4) Scales Weight Station
5) Huddle House Restaurant
6) Diesel Sales in a High Volume
7) Gas Sales
8) Convinience Store sales. there is a lot to be lost if this exit is closed.
9) Parking spaces
10) U-Haul sales.

COMMENTS The acceleration ramps for exit 95 south bound should be extended. There is a significant amount of truck traffic entering the interstate on this ramp to so south.
It is the same setting on exit 96 north to the interstate. The ramp is banked and lane is short with traffic heading up the hill.

COMMENTS Our Concerns are as follows:
(1) Possibility of losing our home
(2) Safety and Noise
Noise is already bad and more lanes would of course cause much more noise.
Concerned regarding safety because there is only a 13 in. high barrier in front of our house. Traffic is heavy. Some cars, motorcycles, etc. actually race down the high hill when entering I85 northbound from Baker Blvd. (Hwy 11). The race continues even past our house. The barrier we have does not appear to be very stable and needs to be a lot higher.

COMMENTS The concern I have is the exit ramp at My exit 80 How much property will be lost and how close to my home it will be. When the study is done if it is as planned it will leave me in the middle with no Way Out.

TO: S. C. Department of Transportation

Our main request concerning the widening of I-85 in front of our home is for a much taller barrier wall to be built between I-85 and Cresthaven Drive where we live. This is not only to help with the extreme noise caused by the traffic due to the extra lanes, but also for safety. At present there is only a small barrier wall in front of our home, ONLY 38 INCH ES HIGH. We have noticed walls in other areas where housing developments are located along the interstate (like nea r Charlotte, NC) that are much higher and appear to be much sturdier, as well as more attractive.

Noise is loud now, but not nearly as loud as it will be with more lanes. Also, we have been concerned for safety as cars race down the hill at the entrance to I 85 north bound from Baker Boulevard.

We are concerned that a terrible collision will occur, possibly demolishing the present wall and leaving no barrier between the highway and our home.

Please consider our request.
