Re: Introduction to Consultant for Project ID No. P029208 – Road/Route: I-26 Design-Build
Widening (MM 85 to MM 101) – Lexington, Newberry, and Richland Counties

Dear Mr. Sandifer:

The South Carolina Department of Transportation is currently under contract with Civil Engineering Consulting Services, Inc. (CECS) to perform design services relating to the above referenced project. As part of these design efforts, CECS will be performing the subsurface utility engineering and utility coordination.

The purpose of this letter is to notify you that CECS may be in contact with you to gather utility data necessary for this project. We ask that you cooperate with them concerning this request such that utility conflicts and concerns can be identified early in the project schedule.

If you should have any questions concerning this, please feel free to contact me via email at AttawayMC@scdot.org or by telephone at (803) 737-1296 or Theresa Hodge, with CECS at (803) 779-0311 Ext 224.

Sincerely,

Mark C. Attaway
Assistant Director, Rights of Way for Utilities and Railroads
