SECTION 1: GENERAL BRIDGE DATA

(8) Asset ID:	(2) District:	(3) County:	(9) Bridge Location:	Site Assessment Date:
Bridge Coordinates: (16) Latitude: degrees minutes seconds (17) Longitude: degrees minutes seconds				
(7) Facility Carried:		(6) Feature Crossed:		(43, 44) Bridge Description:
(45) Number of Main Spans:		(46) Number of Approach Spans:		(49) Structure Length: (52) Structure Width (out-to-out)

SECTION 2: FIELD NOTES

In this section, include information on items that affect the load rating, such as SIP forms, utilities, attached signs, overlays, etc. Include notes about deterioration of members to be rated. Do not include information that does not affect the load rating, such as minor deck cracking and spalling. Only include site assessment findings which impact the load rating; however, all findings should be reported in a separate form.

SECTION 3: ADDITIONAL NOTES

In this section, include information (if necessary) such as field measurements of deteriorated members to be rated that were not recorded during initial site visit, load testing recommendations, etc.
