

**STORMWATER AND POLLUTION
PREVENTION PLAN**

Unique ID:

Status:

FOR HIGHWAY CONSTRUCTION Project No:

File No:

Date:

NPDES Area Disturbed: Acres

Road No:

Road Info:

Contractor:

County:

Description & Location (Attach copy of Plan Title Sheet if necessary):

A. Sequence of Major Activities:

1.
2.
3.
4.
5.
6.
7.
8.
9.
10.

B. Erosion and Sediment Controls:

Are sediment basins and traps shown on plans: Yes No

If yes, specify additional measures anticipated. If no, specify measures which will be necessary on this project.

1. Temporary Measures (Be specific. Use plan sheets if necessary):

2. Permanent Measures:

--

C. Waste Disposal:

1. Waste Materials:

--

2. Hazardous Waste:

--

3. Sanitary Waste:

--

D: Offsite Vehicle Tracking (Measures to Prevent):

--

E. Timing of Control Measures (When installed):

--

F. Maintenance and Inspection Procedures:

G. Pollution Prevention Plan Certification:

This project will be monitored closely during construction. All erosion measures will be properly maintained. Any unanticipated problems which arise will be handled immediately. Any potential problems will be brought to the attention of the Engineer, and any additional measures will be implemented as directed by the Engineer.

A marked up set of 11" X 17" plan sheets must accompany this form.
