Other:

This installation has been completed in reasonably close conformity with the approved plans and specifications including authorized changes and additional work. If no, explain.

Signs and pavement markings as indicated on the authorization sketch are in place. If no, explain.

Force account work by DOT forces is complete.

Situations occurred during the installation that could result in a project overrun or underun. If yes, explain.

Comments

To my knowledge, there are no other charges to be made against this file. It is recommended the project be closed once railroad invoices have been paid.
