Dear Mr. Redfearn:

The only road within the ERCPSD service area is in the area of the bridge on Rockbridge Road, attached, between Westshore Road and Eastshore road. There is 24 inch sewage force main crossing the creek south of Rockbridge road (S-827 or S-1583). There is also gravity sewer east and west of the bridge. They all appear to be outside of any bridge repair area unless repair includes substantial widening of the bridge. Attached are JPEGs of plans and profiles of the referenced areas and the Google location map. Please get in touch with me to coordinate the SCDOT repairs with existing sewer in the area. I may be reached at 803-223-5789 or 803-788-1570. Thanks, and don't hesitate to contact me for any information you need.

Sincerely,  
East Richland County  
Public Service District

Donnie G. Way, P.E.  
District Engineer

**Subject:** SCDOT Emergency Package 4 Kershaw Richland Williamsburg Utilities

Good Afternoon-

For your information, SCDOT plans to select a design build contractor to perform repairs at the following four locations (Google placemarks are attached):

S-28-36 (Pine Grove Road) over Twenty-Five Mile Creek – Kershaw County - Project ID P029412

S-40-69 (Congress Road) over Jumping Run Creek – Richland County - Project ID P029342

S-40-827 (Rockbridge Road) over Spring Lake – Richland County - Project ID P029343

S-45-51 (Battery Park Road) over Black Mingo Creek – Williamsburg County - Project ID P029461

All four locations will be packaged in a single contract under Contract ID 8804670. We will begin our procurement on Friday, December 4, and we expect to execute a contract in mid-December. Once we execute the contract, we will provide our usual letter that assigns the utility coordinator for the designer/contractor. The contractor will have approximately six months to complete the work for all four bridges. We look forward to working with you on these projects. If you have any questions at all, please let me know. Thanks!

**William “Tyke” Redfearn III, P.E.**

Program Manager

**SCDOT** | Design-Build

955 Park Street, Room 421

Columbia, SC 29202-0191
