RE: Plan Preparation Guide Chapter 1, Section 2 Title Sheets, and Instructional Bulletin 2006-2
"Title Sheets"

The second paragraph on page 1-3 of the Plan Preparation Guide (PPG) concerning consultant prepared plans has been changed to read as follows:

Consultant Title Sheets have also been updated on the Internet for their use. Consultants are advised that the signature block on the bottom left corner is to be used by Department employees only. Initials in this signature block indicate that a discretionary review of the plans was performed to check compliance with SCDOT standards. This review does not absolve the consultant of its responsibility to design the project in accordance with the criteria established in the consultant's contract. The "Certification Statement" will no longer be used. The name of the CADD Consultant Title Sheet is ECLTTS8.DGN.

Attached is a copy of the revised title sheet.
