SUBJECT: New "C" Project Title Sheets

EFFECTIVE DATE: March 25, 1997

SUPERSEDES: None

RE: None

Secondary project plan title sheets have been revised to reflect changes in the Project Development Section of Preconstruction. In the future, only the newly created position of "C" Project Development Engineer will seal the plans. Copies of each of the new title sheets for english plans and metric plans are attached. Also, a new directory has been created to assist you in always using the current sheets for your project. All sheets that are no longer in current production of plans will be moved to these new directories. Directory names are g:rd-std/past_eng and g:met-std/past_met.
