

SUPPLEMENTAL SPECIFICATION

July 1, 2020

SECTION 728: LOAD RATING OF TEMPORARY DETOUR BRIDGES

Expand Subsection 728.1.1 of the Standard Specifications to include the following:

13. Perform a load rating of temporary detour bridges in accordance with the SCDOT Load Rating Guidance Document (LRGD). Submit one set of load rating calculations to the BDE or Design Consultant as appropriate, along with all required forms, fully completed, per the LRGD prior to opening to traffic. Ensure that load rating calculations comply with Subsection 725.1.2.
