Plan/Accounting of how these funds will be spent:					
Description	Budget	Explanation			
Construct a pedestrian bridge over Verdae Blvd	\$2,250,000.00	To create a seperated Swamp Rabbit Trail crossing.			
	-				
Grand Total	\$2,250,000.00				

## Please explain how these funds will be used to provide a public benefit:

A bridge separating the thousands of daily Swamp Rabbit Trail (SRT) users from the thousands of vehicles traversing Verdae Boulevard is needed, first and foremost, to protect the lives and safety of both users. Separating the trail from the roadway with a pedestrian bridge will remove the risk of accidents or conflicts between trail users and vehicular traffic. With a dedicated bridge, trail users can cross Verdae Boulevard safely without having to contend with oncoming vehicles or traffic signals. A bridge also will provide uninterrupted access for pedestrians and cyclists along the SRT, allowing for seamless and more efficient travel between different sections of the SRT. This accessibility promotes active transportation and encourages more people to use the trail for commuting, recreation, and leisure activities. Similarly, by providing a dedicated crossing for trail users, the bridge will help maintain smoother traffic flow along Verdae Boulevard by removing the need for a signalized trail crossing. The bridge will improve safety, accessibility, and the overall experience for hundreds of pedestrians and cyclists utilizing the SRT trail network daily as well as the 15,000+ motorists using Verdae Boulevard.
