The SCDOT is constructing a new three-leg directional interchange along I-26 in Berkeley County, South Carolina. The interchange will provide access from I-26 to the new Volvo Car Drive which leads to Camp Hall Commerce Park and the Volvo facility. The new interchange will be located along I-26 at approximate mile marker 189 which is approximately two (2) miles east of SC 27/Ridgeville Road (exit 187) and approximately five (5) miles west of Jedburg Road (exit 194). The proposed interchange includes both at-grade and flyover ramps.

TO PROVIDE DIRECT ACCESS TO THE SOUTH CAROLINA VOLVO CARS MANUFACTURING FACILITY

Progress Update

- Installed Advanced Warning Construction Signs
- Began Roadway Preparation Activities for Future Traffic Shifts on I-26
- Began Erosion and Sedimentation Control Measures
- Began Survey and Layout
- Began Clearing and Grubbing

Project Milestones

- SEPT 2017
  Complete Design & Permitting / Begin Roadway Construction
- OCT 2017
  Begin Bridge Construction
- JUL 2018
  Open I-26 WB Ramp 2 to Volvo Car Drive
- JAN 2019
  Substantial Project Completion

ALERT: TRAFFIC SHIFTS for SHOULDER WIDENING in SEPTEMBER

Stay informed on project developments and together we can eliminate work zone accidents during construction. Thank you!
